**Austrian ecolabel @
Climate Lab**

— Österreichisches Umweltzeichen

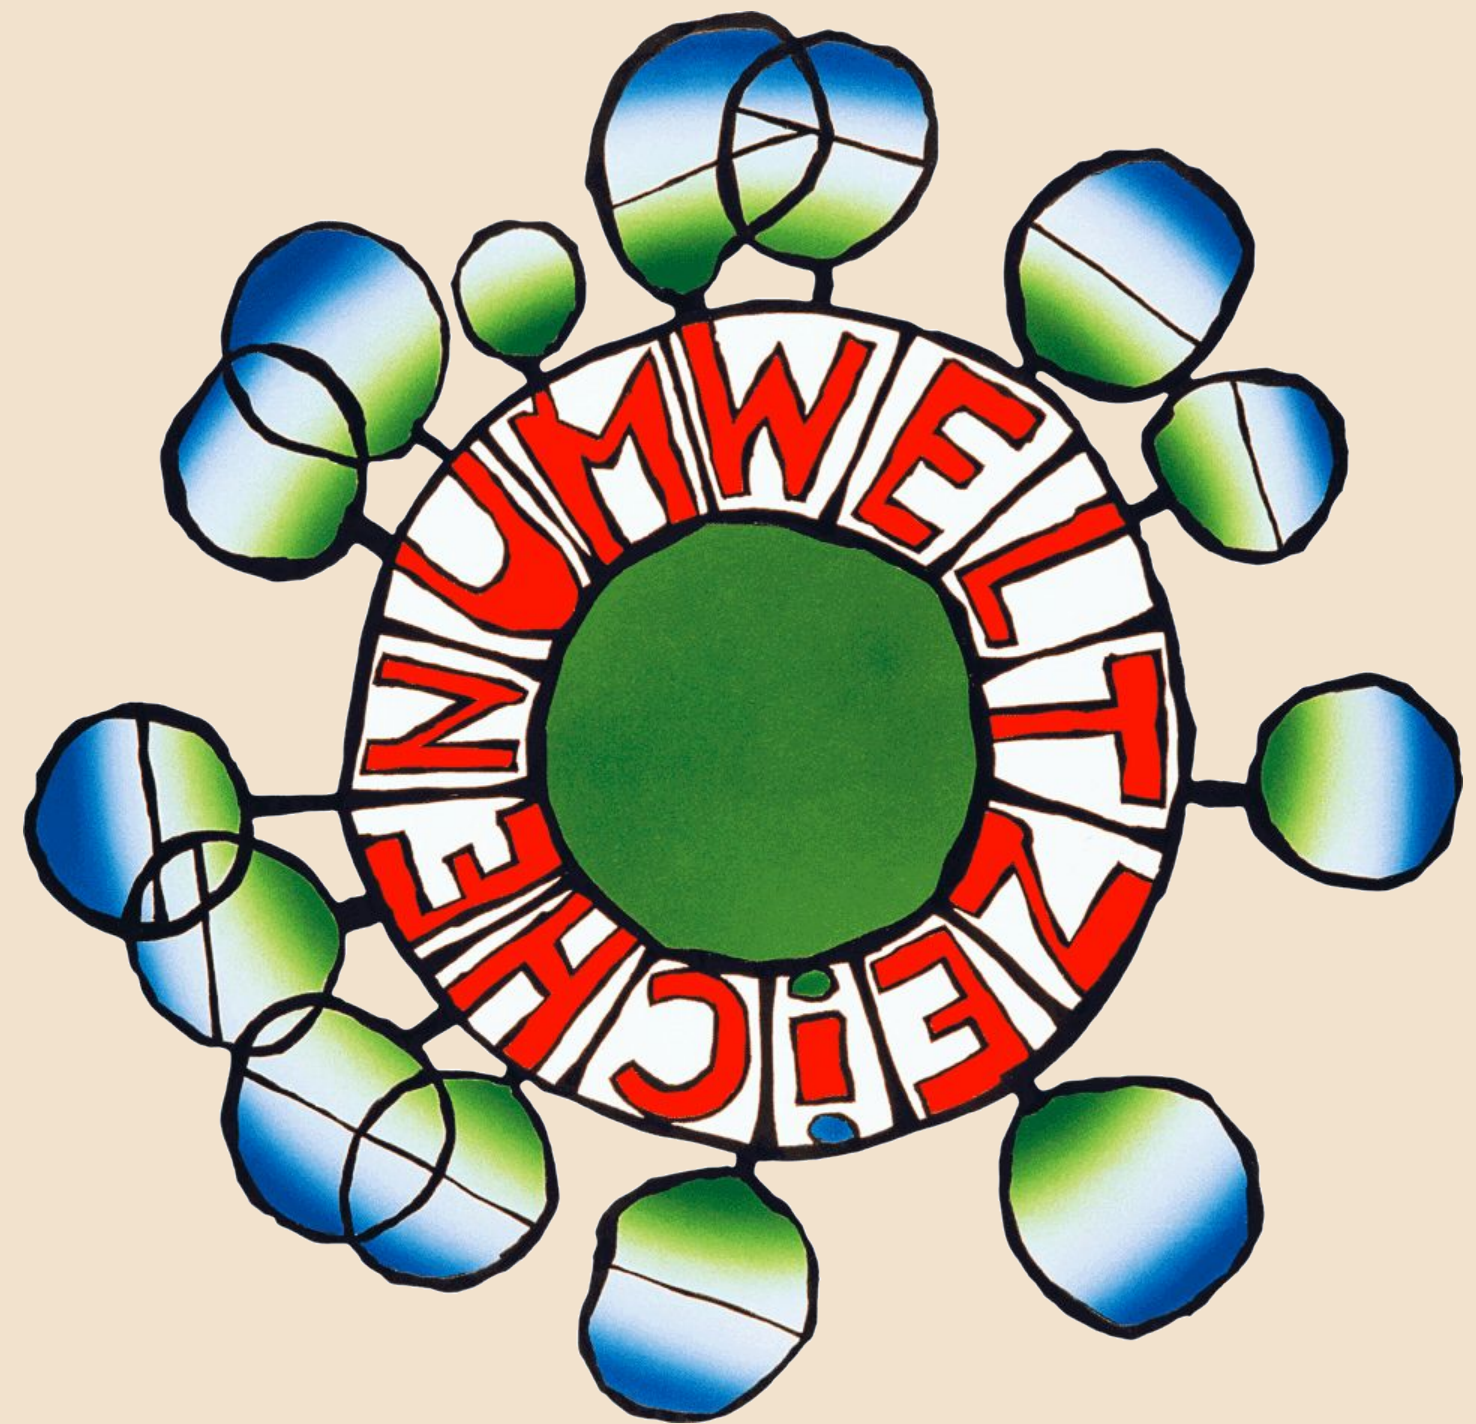

What is the Austrian ecolabel?

Created by the **Federal Ministry of Environment** in 1990

Designed by the renowned **F. Hundertwasser**

A label aiming to address **holistic sustainability** in **four offerings**:

- **Products** (e.g. Green energy, paper etc.)
- **Tourism** (e.g. Hotels, Green locations, museums etc.)
- **Green Meetings** (e.g. Green locations, green catering)
- **Education** (e.g. Schools, kindergardens etc.)

Climate Lab

Spittelauer Lände 45, 1090 Wien

bis 3. Dezember 2027 mit dem Österreichischen Umweltzeichen zu kennzeichnen.

Bundesministerin Leonore Gewessler, BA

Wien, im Dezember 2023

OUR CASE

⚙️ Management & Communication

- Sustainability concept in place;
- Resource consumption monitoring;
- Employee diversity policies in place;

⚡ Energy

- Maintenance of heating/ cooling equipment;
- LED space and scenic lighting (hybrid stage);
- CO₂e emissions are captured and reduction goals set;

💧 Water

- Taps in our control limited to a max of 6L/min

**What was
our journey
like?**

Waste

- Waste management concept is in place;
- Recycling stations and feeding into recycling scheme;
- Circularity (donations, refurbished etc.)

Chemicals

- Strict use of drain cleaning liquids (mechanical cleaning);
- Certified chemicals for dishwashing and sanitary purposes;
- No sprays and fragrance dispensers (inclusivity);

Food/ kitchen

- Vegetarian catering;
- Catering providers with Austrian ecolabel dominate offer;
- Reusable containers (pots, plates, glasses);
- Preventing food waste (“Unverschwendet” jams)
- Oat milk in coffee machines;

What was
our journey
like?
